

# HOW TO GET READY FOR PEST CONTROL SERVICE

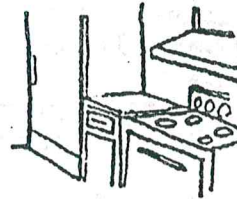

1. Take everything out of kitchen cabinets, drawers, and from under the kitchen sink.

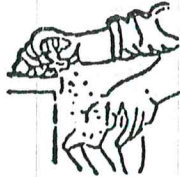

2. Stack kitchen items in the living room or dining room.

3. Clear off all kitchen counter tops, the stove, and the sink.

4. Wipe down counter tops and shelves before treatment.

5. In the bathroom, empty the medicine cabinet and vanity.

6. Please do not wash shelves and drawers after treatment. Wait 2 hours before putting everything back.

7. Please move bedroom and living room furniture away from the walls.

8. We will also be doing the laundry and storage rooms in your building on the same day your apartment is serviced.
